

Geography Home Education Activities

Below are some activities to support your child in developing key skills in Geography.

EYFS and Key Stage 1

<p>Draw a map of your local area. Label each of the different features such as the shops, parks and schools.</p>	<p>Choose a country from the list shown on Explore the World - BBC Bitesize. Read through the information and research the country, are there any rivers or mountains? What language do they speak? Etc. Present your findings however you choose.</p>	<p>Play any of the games on World Geography to help with your location and place knowledge.</p>
<p>Take a virtual tour of London, using 360 Visit London. Create a poster for your favourite landmark.</p>	<p>Design your own island. Remember to include physical features such as rivers and mountains. Also include human features such as homes, schools and shops. Add labels to describe each of the features.</p>	<p>Create your own rhyme to help you remember the countries of the United Kingdom or the seven continents.</p>
<p>Watch Barnaby Bear visit Poole Harbour using the link below. Can you create a holiday brochure for a trip to the sea side. Barnaby Bear at Poole Harbour</p>	<p>Pack a bag for an exploration. Imagine you are travelling to Antarctica and your friend is travelling to the desert. What different items should be in your suitcases? Why will you need the items you have chosen?</p>	<p>Complete a local traffic survey. What type of vehicles travel down your street? Keep a tally of cars, vans, busses, motorcycles and bikes.</p>

Key Stage 2

<p>Learn all about Map skills from Map Zone. Follow the link to learn new information about maps and to play games.</p>	<p>Write a set of directions to move from one place in your house to another. Use compass points within your directions such as north east and south west.</p>	<p>Create a Storm in a Teacup using items from home. Storm in a Teacup Can you explain what impact will a tornado have on a town?</p>
<p>Watch the BBC Bitesize Video about time zones. Research the time zones in different countries. Present your findings in a table which shows the country name, what time it will be in that country when it is 12 o'clock in the UK and the difference is between their time and the UKs.</p>	<p>Choose a country from around the world. Research key geographical facts and information about this country. Present your findings however you choose.</p>	<p>Play any of the games on World Geography to help with your location and place knowledge.</p>
<p>Where in the world does your food come from? Look at the back of food packaging and labels. Can you locate where in the world the food is produced.</p>	<p>Research a natural disaster such as a hurricane or volcanic eruption and write a report about it.</p>	<p>Create a map of your local area and your journey to school. Make sure to include a key and the map symbols.</p>
